MARCH 2025

As a dedicated family man he sought to give his children more opportunities. So, inspired by his good friend Lieutenant Jim Terry, Robert immigrated with his family and eventually ended up in Houston, Texas in 1975. Mastering English back in Korea, Robert was quickly able to adjust to life in America. He ran a retail store, owned a maintenance company, grew a love for traveling, and even built up a church. Perhaps the most defining factor of Robert's life is his faithfulness as a Christian. Every day at 6am, Robert would go to his church's morning service and made sure to be an active member in the community. Now, he still loves to participate in Bible study, and also loves playing bingo, Pokeno, and bidding on auctions.

Robert Kyuin Yi was born in Gyeonggi-do, South Korea on March 7, 1937. As the last of four children, Robert looked up to his older brother and two older sisters from a young age. When he was just 13 his family had to escape to the south after the Korean War broke out in 1950. Growing up in a household full of family around him, Robert was able to graduate and work for a U.S. military base in South Korea. While there, a friend introduced him to who is now his beautiful wife, Bong. The couple got married in 1962 and have been together for the past 63 years. They had 2 daughters and 2 sons: Margaret, Katherine, James, and Matt. Raising them in a small city now known as Paju, Robert owned a business and worked hard to provide for his family.

MARCH 2025

March Greetings

Hello, there! March is upon us, and with it comes the welcome arrival of spring. I think we are all looking forward to warmer weather and more outings. We have a lot of activities planned this month, and I encourage everyone to join us!

Time Change

Daylight saving time begins at 2 a.m. on the second Sunday in March. Be sure to “spring forward” the night before by setting your clocks an hour ahead, and consider going to bed early to help you rise and shine on Sunday morning instead of sleeping in.

Going Green on March 17

St. Patrick’s Day has become a celebration of Irish culture and a whole lot of green. Folklore says that wearing the color makes a person invisible to leprechauns, who will only pinch those they can see.

“Flowers don’t worry about how they’re going to bloom. They just open up and turn toward the light and that makes them beautiful.”
—Jim Carrey

Alert for Allergy Weather

It's the season for allergies. Local weather forecasts often include pollen counts. But if you miss those numbers, you can still be prepared with a do-it-yourself weather check. Expect symptoms to flare up when it's windy, warm and dry. During rainy weather and breeze-free days, the pollen level will likely be lower.

Medal of Honor

The Medal of Honor is the highest honor of military valor in the United States, granted to those who risk life and go above and beyond the call of duty. Recipients are given the award in the form of a medal at the end of a neck ribbon—the only American military award that is presented as such. Commemorate Medal of Honor Day on March 25 by thanking one of the heroic recipients or reading some of their stories.
